

## Forespar® Turns 50 In April

Request A Catalog

With modest beginnings, Robert Foresman founded Forespar® Products Corporation In April 1966. He unveiled the company's first telescoping whisker pole designed on the family dining room table, where it was then manufactured in the family garage.

Forespar® Products Corp. is proud to announce that we've reached that very special **50th Anniversary** benchmark and we're prepared to party! We'll kick off the year-long fun with a cocktail party, rum tasting and Champagne Toast in our booth at [Strictly Sail Richmond](#) on Friday evening April 8th from 6-8pm. If you're at the show come join us! Keep watching these newsletters and our [Facebook](#) page for your chance to share in the excitement. **Welcome to our 50th Celebration!**

Marelone® Plumbing Questions:

As one of Forespar's oldest dealers, [Fisheries Supply Company](#) is the largest distributor of marine products in the Pacific Northwest. A family-owned business founded in 1928, it originally served just commercial fishermen and canneries in the Pacific Northwest. Today they have grown to serve both wholesale & retail customers from their fantastic Seattle location. Learn more on the website or call 1-800-426-6930. [Read More](#)

## Downwind Poles Are Faster Than Asymmetrical Sails on Most Boats

Unless you have a light displacement planing hull "sport" boat, an A-sail is probably not the fastest way for you to get to a downwind destination. A Forespar® Whisker Pole or Symmetrical Spinnaker pole allows you to sail much more efficiently at the direct downwind angles the boat designer intended.
