Tea Tree Power™ Controls Mold, Mildew and Odors After the Storm

Forespar's new Tea Tree Power Gel and Spray has proven to have remarkable natural power to attack and degrade mold, mildew and odors. If you are experiencing these problems, especially as a result of the recent storms, please tell your friends that Tea Tree Power is an effective solution.

Unsolicited testimonial we just received.

"During Hurricane Sandy I lost power for a week in Stonington, CT. When I returned to my place after my power was restored, the inside of my refrigerator/freezer was alive in a scary primeval way. After throwing out the entire contents and cleaning inside and out with Clorox wipes, I still could not kill or mask the awful smell of death in my flat.

WALA! I opened a small sample of the Forespar Power Gel, placed it on the top of my fridge and by the next morning the smell was history."
