Not Just for Sailboats Anymore

Several of Forespar's traditional sailboat products are turning up on powerboats around the country. At the recent "Trawlerfest" in San Diego, many of the boats were seen utilizing Forespar's Lightning Master Static dissipators and Nova Davit Systems---[Read More](#)

Revised Web Site Offers Better Navigation and Support

Forespar's recent web site revision offers a cleaner look and better navigation. All products have now been categorized into logical segments, providing the end-user quick and easy access to Forespar's complete line of diverse marine products... [Read More](#)

Two New Products

EZ Board Removable Swim Platform Handrail
Have you ever tried to step aboard a boat via the swim platform and had nothing to grab onto to steady yourself? Now there is the EZ Board removable handrail that mounts on the swim platform of most powerboats and sailboats...[Read More](#)

Roll-X Flopper Stopper
Stop the Rock and Roll on almost any power or sailboat by installing a Roll-X Flopper Stopper pole kit. This kit allows boaters to quickly lower a flopper stopper stabilizer into the water, drastically reducing the rocking and rolling motions of an uncomfortable anchorage...[Read More](#)

Best of Both Worlds...

Hull #1 of the new Nordhavn 56 Motorsailer features a Forespar® mast and Leisure Furl® in-boom furling system. The Nordhavn 56 is a bit of a departure from their usual pure trawler models---[Read More](#)

New Color-Coded Dots Simplify Marelon Sizing

Most Marelon plumbing fitting will now ship with removable color-coded dots to represent each available size. This will offer a quick visual reference for the consumer so they know they are purchasing like sized fittings. It will also offer a quick way for retailers to keep inventory straight in merchandising bins...[Read More](#)
