

Tame Your Cats With Leisure Furl

A Leisure Furl In-Boom furling system is a great solution for those customers who are thinking about a large catamaran but are hesitant because of the size of the sails. It allows them to hoist, furl and drop heavy, fully battened mainsails with the simple push of a button.

Check out this video to see exactly how helpful an easy Leisure Furl can make it for your customers to hoist and control their main.

Just Launched With Leisure Furl Royal Cape 53 Catamaran

Newly launched and rigged with a custom Leisure Furl In-Boom system, "Adia", a Royal Cape 53 catamaran, is ready to sail from South Africa to America in time for the Annapolis Boat Show this

fall.

Just A Few Of The Other Cats Leisure Furl Has Tamed

We have helped our Leisure
Furl dealers install in-boom

systems on numerous large catamarans around the world. Below are just a few recent installations.

Leopard 48

Isara 50
