

## New Leisure Furl Coastal Plus Sets Sail Up The East Coast

Using a blend of proven design technologies, Forespar has just introduced the new Leisure Furl Coastal Plus.

Last week the prototype completed a very successful run from Florida to Massachusetts in fifteen days. Installed aboard Tom Peelen's Beneteau, he and his Aussie crew made sales stops along the way to demonstrate first-hand the simplified installation and new features to several Leisure Furl dealers.

All agreed the Coastal Plus is a winner and fills an important market at an attractive price and

several orders are already on the books.

The new Coastal Plus is for boats with a max P of 47' and an E of 17' or less. Check with Alan Massey [alanm@forespar.com](mailto:alanm@forespar.com), for pricing and further specs.
