## **New LED Deck and Deck/Steaming Lights**

Popular ML-1 & ML-2 Mast Lights Upgraded With LED Lights

[Click Image To View Large Version In Your Web Browser](#)

**Rancho Santa Margarita, CA** - Forespar® has just introduced new LED light versions of their popular ML-1 deck light and ML-2 deck/steaming combination lights. Designed for installation on the mast just below the spreaders, both new versions offer the light bulb durability and power usage benefits of LED lights inside the time-tested composite ML light housing.

The ML-1 & ML-2 each feature a durable molded polymer housing assembly and. The ML-1 uses a high-powered LED 20 watt equivalent deck light that uses very little electricity, yet provides a bright working light for night sailing. The ML-2 offers the same bright LED deck light as the ML-1, but also includes a separately switched USCG compliant LED steaming light. Both models work with standard 12 volt systems.

**ML-1 LED Deck Light** - Part #131300 - \$120.45
