Marelon® Smart Valves® for 17 Seacocks

When Larry and Colleen Wertsch ordered their new Hylas® 46 this past winter, they wanted the safety and convenience of knowing the position of each of their 17 seacock's at a glance. Forespar's composite Marelon Smart Valves were the perfect solution. Each of their new Marelon Valve Seacocks is electronically linked to a custom light panel located at their nav station so they can instantly identify the current position of each seacock.

Larry and Colleen are no strangers to sailing. They were recently featured in Colgate's Offshore Sailing School ads telling others how they are "acting out our dreams." Forespar Smart Valves will help ensure all their sailing dreams are all good ones.

Smart Valves

Leisure Furl™ is a Passport to Easier Sailing

A spectacular new Carbon Fiber Hydraulic Leisure Furl™ boom was shipped to Annapolis for the newest model Passport 585, Minot. A great example of why carbon fiber performance is not just for racers, Minot will feature elegant styling with top-notch sailing performance that relies on Leisure Furl for safer and easier mainsail control. Steve Madden from M Yacht Services did the final fitting out. Thanks Mark!

New Tri-Reacher™ Whisker Poles Ready to Extend Your Sales

Sales of Forespar's new Tri-Reacher extendible length whisker pole have been brisk. Led by an introductory sales surge from the Svendsen's booth at the Strictly Sail Pacific show, this new fixed adjustment pole design offers an affordable downwind pole setup for asymmetrical spinnaker users on boats up to 42 feet. Easily user installed, the new Tri-Reacher pole allows users to use and control their "A-sail" in a wider range of conditions at deeper sailing angels.

Attractively price at \$869.00 MSRP, Tri-Reacher poles also have affordable flat rate shipping fees across the US.

Brisk Sales of LanoCote® Prop & Bottom Reported

As boats across the country go back in the water, brisk sales of our new LanoCote® Prop & Bottom Anti Fouling have been reported by dealers across the country. A great solution for the environmentally conscience boater, LanoCote Prop & Bottom is a naturally non-toxic coating that works well on either wet or dry surfaces. It can also be applied underwater, so it's not too late to push the sale of this product to your customers.

Packaging sizes include 16oz jars, 1 gallon buckets and 5 gallon buckets. We have also updated the packaging a bit based on dealer suggestions, so look for the new package soon as we continue to roll out this product.

Marine Dealers Seeing Benefits of MareLube™

MareLube™ TEF 45 is impressing Marine dealers across the country. With its maximum available 45% Teflon® (PTFE) formula, it works great in wet, high-load applications and is also a great bi-metal anti-corrosion barrier. If you have a customer that needs the best high-load waterproof lubricant available, they need MareLube TEF45.

Available in 4oz jars, 6cc & 3cc syringe packs, 12 oz caulk gun or 8 & 40 lbs buckets.
