22322 Gilberto Rancho Santa Margarita, CA 92688

Sold in pairs, these light weight, easily installed rollers can be used on the spreader tips or life lines to help skirt the foot of the jib. **Sail Saver's™** can also be used on backstays of catamarans or other boats with large roached mainsails. Center hole is 3/16" and can be drilled out to 3/8" maximum.

No tools required for installation or removal! The **Sail Saver's™** unique patented design requires no fasteners or tools. The two halves "mate" (slide them together and they lock) and two clips are snapped on for added safety. Quick and simple.

**Sail Saver's™**

**Part #210010, \$15.95 suggested retail.**
