☒	339003	1-1/4" "T" Track (Per Foot)	20ft.	
☒	339002	AS-125 Track End Stops	2	
		*Note: Not for heavy air use. Foot dimension of sail should not exceed 25 feet. Larger sails or heavy air use require Carbon Fixed Length Poles.		
		On larger boats or those going offshore cruising/trade wind conditions, we recommend fixed length poles.		
		Forespar offers Carbon Fiber poles for boats over 55 feet or for use with larger headsails on any boat.
